

WDI Children's Summer Workshop

Do you know a child who enjoys theatre and wants to learn more about performance or technical skills? Wheaton Drama workshops will help build confidence by giving the attendees first hand experience in creating a live production. Your child will learn how teamwork works in building a theatrical presentation...besides having fun and making new friends. The place to be this summer is Wheaton Drama's Playhouse 111. For more info, email workshop@wheatondrama.org.
